

RADIATOR PRESSURE TEST ADAPTOR KIT

Redline SmartFit cooling system pressure test kit promises to be the last radiator adaptor you will ever buy. With SmartFit, technicians have a single test kit that expands to fit 100% passenger vehicles and light-duty trucks on the road today, eliminating the need for the abundance of adapters necessary to pressure test all vehicles. Manufactured in the USA, SmartFit is a professional grade quality tool constructed of anodized aluminum and solid brass. SmartFit elastomeric adapters are engineered with varying durameter ratings to ensure maximum versatility and performance.
